What your tailor?
Shape

Shape can be put into a suit of clothes made in standard sizes 34, 36, 38 breast measure and it will look like the real thing and men can be found who can put it on and wear it—

But whose shape?

Certainly not the shape of the man who wears it, for it was made for no one in particular, and when being made they knew nothing of the wearer, yet advertised as "tailor-made clothes."

Of course they are "tailor-made clothes"—all clothes are made by tailors.

But good, bad and indifferent tailors make respectively good, bad and indifferent clothes, and the best of tailors cannot put your shape into a suit of clothes when they have never heard of you.

Ed. V. Price & Co., our Chicago Merchant Tailors, are in the business of making clothes for the people who are going to wear them—putting their shape (not the shape of a dummy) into their garments.

You don't have to adjust yourself to their kind of clothes, they adjust the clothes to you. It's the difference between the imitation and the real thing.

Would like to show you fabrics Nos. 3220, 3262, 3280, 3297.

\$25 to \$35 for suit or overcoat.

the Ranks

"Will he not talk?"

"No. I'll tell him not to, and—well, you know, I'm just now arranging a heavy loan for him. He is paying off the remaining purchase money for the hotel in installments. That's all, I think. I'll send the Fourth National bank of New York a night message. It will be delivered before banking hours tomorrow morning, but for fear of slips, you'd better wait till noon before giving that bank as your reference. Good night. Remember that everything depends on you, including Guilford Duncan's reputation for integrity."

Temple sat for half an hour thinking and planning. He was determined to make no mistakes that might imperil success. To that end he was trying to imagine, in advance, every difficulty and every emergency that might arise. At last he rose, took his hat, turned the lamp out and left the room.

"This is the very toughest bit of engineering," he reflected, "that ever I undertook. Well, so much the greater the credit if I succeed. But I don't care for the credit. I care only for Guilford Duncan in this case."

CHAPTER XX.

WHEN Duncan left his room on the evening of Temple's conference with Will Hallam he passed down the stairs and into the Hallam offices, where he still had a little working den of his own, for use when he did not care to see the people who sought him at his law office.

As he entered he found a little note

On, but all of it distresses me, and I must tell it—all of it."

Again Duncan spoke soothingly, and presently the girl began again.

"Well, first, I can never—I mean I mustn't—I mustn't say 'yes' to the questions you asked me that other time."

"You mean when I asked if you would be my wife?"

"Yes. That's it. Thank you very much. That's the first thing I am to tell you."

"Who bade you tell me that?"

"Oh, nobody, or, rather, I mean nobody told me I mustn't say 'yes,' but after I had made up my mind that I mustn't, then auntie said I was bound to tell you about it all. I wanted to write it, but she said that wouldn't be fair and that I must tell you myself."

"But why did you make up your mind that you mustn't say 'yes'? Can you not love me, Barbara?"

"Oh, yes—I mean no—or, rather, I mustn't."

"But if you can, why is it that you mustn't?"

That question at last gave Barbara

courage to speak. It seemed to nerve her for the ordeal and at the same time to point a way for the telling.

"Why, I mustn't love you, Mr. Duncan, because I cannot marry you. You see, that would be very wrong. When you—well, when you asked me those questions, it startled me, and I didn't know what to say, but after you had gone away that night I saw clearly that I mustn't think of such a thing. It would be so unfair to you."

"But how would it be unfair? It would be doing the one thing in the world that I want you to do. It would be giving me the one woman in the world whom I want for my wife, the only woman I shall ever think of marrying."

"But you mustn't think of that any more. You see, Mr. Duncan, I am not fit to be your wife. I should be a terrible drag upon you. You are already a man of prominence, and everybody says you are soon to become a man of great distinction. You must have a wife worthy of such a man, a wife who can help him and do him credit in society. Now, you know I could never become that sort of woman. I am only an obscure girl. I don't know how. I cannot talk brilliantly. I couldn't impress people as your wife must. I am not even educated in any regular way. I've just grown up in my own fashion—in the shade, as it were—and the strong sunlight would only emphasize my insignificance."

"Will you let me say one word at this point, Barbara?" broke in Duncan in spite of her effort to prevent. "You are wronging yourself and you are wronging me. As God lives, I tell you there is no woman in the world so fit to be my wife as you are. My only wish is that I were worthy to have such a wife! I intend, of course, to achieve all that I can—to make the best use I can of such faculties as I possess, but nothing imaginable could so greatly help me to do that as the inspiration of your love and the stimulus of knowing that you were to be always by my side."

An occasional tear was by this time trickling down the girl's cheeks. How could it be otherwise when the man she loved and honored above all others was so tenderly saying such things of her and to her with a sincerity too greatly passionate to be open to any doubt? How could it be otherwise when she knew that she must put aside the love of this man, her hero, the only love, as she knew in her inmost soul, that she could ever think of with rejoicing so long as she should live?

She would have interrupted the passionate pleading if her voice had been under control. As it was she sat silent while he went on.

"I have spoken of my ambitions first and of your capacity to help them not because such things are first in my estimation, but because you have treated them as worthy of being put first. There are much higher things to be thought of. What a man achieves is of far less consequence than what a man is. That which I ask of you is to help me to be the best that I am capable of being, and for you to be it with me. I want to make the most, the best, the happiest life for you that is possible. Oh, Barbara, you will never know how longingly I dream of a home with you at its head! You cannot know how absolutely the worthiness of my life depends upon such a linking of it with yours."

The girl had completely given way to her emotions now, but with that resolute self mastery which was a dominant note in her nature she presently controlled herself.

"You do not know all," she said. "You have not heard all I have to tell you. You haven't heard the most important part of it. I have only told you what I thought on that evening when—you asked—questions. I still think that ought to settle the matter, but you seem to think—perhaps you might have convinced me, or at least—oh, you don't know! There are other reasons—stronger reasons, reasons that nothing can remove."

"Tell me of them. I can imagine no reason whatever that could satisfy me."

Charged With Conspiracy.

Cheyenne, Wyo., April 5.—The special federal grand jury here last night returned five indictments against E. M. Holbrook, president of the Wyoming Coal company, which owns the Monarch and other mines in Sheridan county, Wyoming; E. T. McCarthy, a former business associate of Holbrook; E. E. Lonabaugh, a Sheridan attorney, and Robert McPhimpney, a real estate dealer of Sheridan. The indictments charge conspiracy with intent to defraud the government.

Supreme Court Holds That Trial Court
Blundered When Jury Was Modified After Acceptance.

Violation of the Constitution in Man-
ner of Trial Gives James Gil-
lespie His Freedom.

Indianapolis, April 5.—By the decision of the Indiana supreme court, James Gillespie of Rising Sun, sentenced to life imprisonment for the murder of his sister, Elizabeth Gillespie, is a free man. Of the various questions in the appeal from the judgment of the lower court, the higher court made its decision on the question of the former jeopardy of the prisoner, and the opinion concludes with the statement:

"For the error of the trial court in refusing to discharge the appellant on the ground that he had been once in jeopardy for the offense in controversy the judgment is reversed and the cause is, therefore, remanded with instruction to the court to enter an order on judgment that appellant be discharged from further prosecution on the charge in question and that he go hence without day. The clerk is directed to issue the proper order to the warden of the state's prison for the return of the prisoner."

In the opinion handed down it is declared that the constitution of the state declares that in all criminal prosecutions the accused shall not be twice placed in jeopardy for the same offense, and this is taken to mean that he cannot be twice tried. The discharge of the jury under the circumstances was wholly unwarranted on the part of the trial judge and must be held to operate in effect as an acquittal.

The circumstances alluded to are that after the first jury had been impaneled and sworn it was discovered that one of the jurors, Oliver Jones, was related by marriage to the husband of Mrs. Belle Sewrad, sister of Gillespie, and also one of the co-defendants with Gillespie, and the judge discharged the juror. A new jury was thereupon selected and the trial proceeded. This, Gillespie's attorneys claimed, constituted placing the prisoner in jeopardy.

WHISTLED AS HE SHOT

Youth Started to Kill Sweetheart, but
Committed Suicide.

Elkhart, Ind., April 5.—Charles Calkins, twenty years old, son of Henry Calkins, committed suicide by shooting himself through the heart, while standing in front of the house where Lottie Adams is employed as a domestic, because she had repulsed his attentions. He was infuriated with the girl, and, before starting toward the house, he telephoned twice, making threats both against her and himself. As he approached, the carpenters on an adjoining building heard him whistling a lively tune. One of the carpenters looked up in time to see him draw his revolver and fire. Death was instantaneous.

Farmers Raise Objections.

Richmond, Ind., April 5.—A wall is coming from the farmers over the proposed federal inspection of all meats and meat products sold in Richmond. If the council passes the ordinance which will embody the salient features of the federal inspection law, farmers who kill hogs will not be permitted to sell pork or lard to Richmond consumers unless the slaughtering is done here under federal inspection, which, of course, is out of the question. Scores of farmers who visit Richmond weekly to sell butter, eggs, meat and lard to citizens will be barred.

Bride Thought He Was Joking.

Hagerstown, Ind., April 5.—Everett Whiteley, prominent young farmer, returned from the field, laughed and joked with his bride, whom he had married but two weeks ago, and, as he started away, seemingly in the best of health and spirits, he remarked, "I think I will shoot myself today." She made a light reply and the incident was forgotten. He went immediately to his barn, held the muzzle of a shotgun against his body and touched the trigger. Death was instantaneous. Mrs. Whiteley cannot account for his act.

Well-Known Horseman Sued.

Valparaiso, Ind., April 5.—Schuyler Williams, a prominent business man of Chesterton, has filed suit in the Porter circuit court against John Diehl, a well-known horseman, alleging the alienation of his wife's affections and demanding \$10,000 damages. Meanwhile, Mrs. Williams is suing for divorce, alleging ill treatment.

Had Been in Poor Health.

Richmond, Ind., April 5.—Frederick Von Pein, fifty years old, one of the prominent German citizens of Richmond, killed himself by firing a bullet into his brain. Von Pein had been in poor health for a year past.

SHOOK THE PLUM TREE

The Governor Announces Several Ap-
pointments, Despite Illness.

Indianapolis, Ind., April 5.—Governor Hanly gave the state administration plum tree a shake by appointing John McCordle of Indianapolis third member of the board of state tax commissioners, and Lawson M. Harvey and Charles T. Hanna judges of the two new divisions of the Marion county superior court created by the recent legislature. The Rev. Zack Sweeney of Columbus was reappointed state fish and game commissioner and it was said in a semi-official way that Vernon W. VanFleet of Elkhart will be appointed judge of the new superior court of St. Joseph and Elkhart counties. None of the appointments caused any surprise. McCordle, who was formerly a Democrat and a resident of New Richmond, was one of Governor Hanly's principal backers in his race for the nomination and during his campaign. The only surprising thing to politicians was that the reward for his services was so long delayed. He has been a grain dealer for many years and is now secretary of the Indiana Grain Dealers' association and a member of the board of managers of the southeastern Indiana hospital for the insane. The position pays \$3,000 a year. The appointment of Hanna as judge is said to come as a reward for the loyalty of his law partner, Representative Thomas Daley, to the governor during the recent session of the legislature. Representative Daley was with the governor on practically every issue. Harvey, the other new judge here, was formerly a judge of the superior court and is well known. The governor is still unable to attend to business at his office, but is disposing of much work at his home. He celebrated his forty-fourth birthday anniversary quietly there yesterday.

The date for the unveiling of the Lawton monument, May 30, has not been changed. Arrangements are being made, however, to give President Roosevelt a very busy day. The president will arrive in Indianapolis the morning of May 30 on a special train. During the morning the school children will congregate at the monument for their usual exercises, and if the president arrives in time it is the intention to have him address the children from the Columbia club balcony. Later he will deliver an address at the unveiling of the monument. He will be introduced by Governor Hanly. The commission understands that Mrs. Lawton, who is now a resident of Kentucky, will be present at the unveiling. It is the plan to have detachments of United States regulars detailed from Fort Sheridan and Fort Thomas for a military parade. It is believed that the war department will be willing to send whatever troops are desired. A luncheon will be given for the president by Vice President Fairbanks.

Many of Congressman Charles B. Landis's friends are urging him to become a candidate for governor, and he is personally inclined at this time to make the race providing that conditions are ripe. The Hon. James Wade Emison of Vincennes is being mentioned and the name of Congressman Jas. E. Watson of Rushville bobs up every day from some source. Many politicians want Mr. Watson to run because of his ability as a campaigner, but it is said to be his intention now to be a candidate for renomination for congress. There might be such a thing as this district having two candidates. The personal followers of the Hon. John L. Griffiths, consul general to Liverpool, have not entirely given up hopes of his being able to land the nomination. They have their ears to the ground for the faintest sign of anything favorable to him.

Eighty-one counties of the state, through the clerks of the circuit court, have acknowledged the receipt of copies of the laws enacted by the last legislature. As soon as the laws have been sent to all the counties the governor will issue a proclamation declaring the laws to be in effect. It is expected this will be done about April 9. Practically all of the counties have received copies of the laws, but all have not communicated with the secretary of state.

Given a Free Hand.

Panama, April 5.—According to a new arrangement the Isthmian canal commission will henceforth have power to solve all questions relating to the canal without referring them, as heretofore, to Washington. The members of the commission will reside on the Isthmus and hold weekly meetings. The work is to be distributed so that each commissioner has charge of a certain department, for which he will be responsible.

Board Changes Its Mind.

Bloomington, Ind., April 5.—It is expected that work at the high school will be resumed next Monday, as the school board has rescinded its action accepting the resignations of the nine teachers. The board asks that the teachers themselves shall make application for reinstatement. School has been suspended several days and the citizens have prevailed on the board to change its action.

Met Death in Creek.

Waldron, Ind., April 5.—Hannibal H. Burns, sixty-seven years old, who served in the war of the rebellion and was a member of the Masonic fraternity, fell off the interurban railway bridge and was drowned in Coon's creek.

KIDNEY TROUBLES

The kidneys are essential organs for keeping the body free from impurities. If they should fail to work death would ensue in very short time.

Inflammation or irritation caused by some feminine derangement may spread to some extent to the kidneys and affect them. The cause can be so far removed by using Lydia E. Pinkham's Vegetable Compound that the trouble will disappear.

When a woman is troubled with pain or weight in loins, backache, swelling of the limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys, she should lose no time in commencing treatment with

Lydia E. Pinkham's Vegetable Compound

It may be the means of saving her life. Read what this medicine did for Kate A. Hearn, 539 West 47th Street, New York, who writes:—
Dear Mrs. Pinkham:—I owe a debt of gratitude to Lydia E. Pinkham's Vegetable Compound for it has saved my life. I suffered with kidney trouble, irregularities and painful periods, and my blood was fast turning to water. I used your medicine for some time and it has made me strong and well."

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs cures Female Complaints, such as Falling and Displacements, and Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache, General Debility and invigorates the whole system. For derangement of the kidneys in either sex Lydia E. Pinkham's Vegetable Compound is excellent.

Harriman Causes the Arrest of His
Unfaithful Stenographer.

New York, April 5.—Frank W. Hill, a stenographer, was arrested last night charged with having sold to a newspaper, a personal letter of E. H. Harriman. The warrant was sworn to by Alexander Miller, secretary of the Union Pacific Railroad company, of which Mr. Harriman is president. Hill was locked up at police headquarters.

The letter in question was addressed by Mr. Harriman to Sydney Webster and was first published here by the World last Tuesday morning. Statements therein contained called forth a reply from President Roosevelt Tuesday afternoon. Hill is thirty-seven years old and lives in Brooklyn. It is believed the arrest will discourage the publication of letters of another prominent man which, according to report, recently had been offered for sale. A copy of Mr. Harriman's letter in which the writer stated the chief executive had appealed to him for funds for the campaign of 1904, made, it is alleged, from Hill's stenographic notes and in his handwriting, was offered for sale to a Brooklyn paper, and later to a New York paper, both of which declined to purchase. This particular New York paper subsequently turned the copy over to the district attorney's office.

Hill was employed in Harriman's office for twenty-one years. About a year ago he was discharged because, it was said, of friction with other employees. Recently he entered the brokerage office of Decoppet & Doremus. He has a wife and two children.

Sponsors for the Taft Boom.

Cincinnati, April 5.—At a special meeting of the Roosevelt Republican club of Hamilton county last night, resolutions were passed endorsing the Roosevelt administration and pledging its support to secure the nomination of Judge William H. Taft for the presidency in 1908.

Daughter of the Revolution.

Farmington, Maine, April 5.—Mrs. Francis Butler, a "real" Daughter of the American Revolution, died last night at the age of ninety-four. Mrs. Butler's daughter is the wife of Chas. F. Thwing, president of the Western Reserve university.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a potent blood-purifier, and blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large percent of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchial tubes, stomach, bowels, bladder, uterus or other pelvic organs. Even in the chronic or neurotic stages of these affections it is often successful in effecting a cure.

"The Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the breakdown, "Favorite Prescription" will be found most effective in restoring up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particular wraps each bottle giving the formula of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.
Dr. Pierce's Pills, small, sugar-coated, easy to take, as candy, regulate and invigorate stomach, liver and bowels.

TO CURE THAT COLD SPECIAL MEETING

Local Druggist's Suggestion.

Said Mr. Peter of the W. F. Peter Drug Co., "This is the reason for coughs and colds, and for the benefit of Seymour people we want to tell them the best means for a cure.

"Don't dose the stomach with cough syrups. It's no use; they only soothe a little—upset the stomach and do not heal.

"The best cure we know is Vinol, which contains in a highly concentrated form all of the healing, curative elements taken from genuine fresh cods' livers, without a drop of oil to upset the stomach and retard its work. It contains no sickening drugs whatever. Vinol heals, cures and strengthens the sore lungs and bronchial tubes. It makes rich, red blood builds up the appetite and creates strength; in fact it is the best remedy we have ever sold in our store for chronic coughs, colds, bronchitis, and all lung affections.

"We ask every person in Seymour who has a chronic cough or hard cold to try Vinol on our guarantee to return their money if they are not satisfied." W. F. Peter Drug Co.

Note—While we are sole agents for Vinol in Seymour, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Eagles Banquet.

The Third Annual Banquet of the Seymour Aerie No. 655 of the Fraternal Order of Eagles will be held in this city next Monday evening and the boys are arranging for a good time. There will be a torch light procession, the line of march of which will be somewhat as follows: Form at 7 p. m. in front of their hall, which is over the Klondike clothing store, march south on Chestnut street to Bruce, counter march to Second street, east on Second street to Broadway and then back to Chestnut, north on Chestnut to Fourth and return to hall.

A class of thirty-six candidates is to be initiated after which the banquet will be served in Masonic Temple. The greater part of the speech making will be done at the banquet. A number of out of town Eagles are expected to be present and take part in the event. Besides the red torch lights, the tall hats and the canes of the Eagles will be in the parade and will assist in making the same attractive, as it has been on previous occasions. All of the minor details of the arrangements have not been completed but, if the weather is favorable, hundreds of people will be attracted by the parade, the torch light procession and the accompanying music. The new class will give the Eagles a membership of about 176 here and they expect to pass the 200 mark before the close of this year.

DIED.

FINDLEY.—James B. Findley, one among the prominent and wealthy citizens of this county, died this morning at 8:50 at his home in Brownstown. Age 66 years and 11 days. He had been afflicted with eczema for about a year and for six months or more had not been able to attend to his business affairs. Only last Wednesday morning he returned from Cramer, Ind. where he had been taking the mud baths at the Mudlavia Springs. Most of his life had been spent in Jackson County. For many years he was a clothier in Brownstown. After closing business he devoted all of his attention to his farming interests. He owned quite a lot of valuable lands in Honeytown neighborhood. He leaves a wife and no children. Mrs. Bruce L. Miller, of Brownstown, was raised in the family. He was a member of the Masonic lodge and a lifelong member of the Presbyterian church. The funeral services will be conducted at the Presbyterian church at Brownstown Sunday morning at 10:30 and will be in charge of the Masons. The funeral sermon will be delivered by the pastor Rev. J. H. Weaver.

Manslaughter.

The jury that heard the case of E. N. Covert charged with the murder of Charles Tharp at Seipio last fall, tried at Vernon this week, according to report received here, returned a verdict this forenoon, finding Covert guilty of manslaughter. This will mean a sentence of two to twenty-one years in prison at Michigan City. It is said that the evidence was pretty strong against Covert and those who heard it think he was fortunate in getting off with a verdict of manslaughter.

Mrs. Fred Seiter and her son, Master Frederick, returned this morning from a few weeks' visit with relatives at Indianapolis.

City Council Confers on Some Matters of Importance.

The city council held a special meeting Thursday night after the session of the Board of Public Works and talked over some matters of public interest.

When in session as members of the Board of Public Works a delegation from Freetown and vicinity was received to confer on the matter of telephone connections with Seymour. Citizens of Freetown, Surprise and Cortland and many farmers in that part of the county have banded together and put in a mutual telephone system. They say they have about 300 phones in use or will have in a short time. What they want now is connection with Seymour and their purpose in going before the council was to make their wants known and ask for cooperation. The members of the council expressed themselves in a way that indicated a readiness to aid in giving these people direct telephone connection with our city. A committee consisting of Mayor Kyte, Jerrell and Cordes was appointed to meet with the Freetown people and the management of the Seymour Home Telephone Company and take up this matter and endeavor to make satisfactory terms for the entrance of the new line into this city.

Another matter of importance was the introduction of a new gas ordinance, the first step in the readjustment of rates for gas in this city. The council agreed that a conference be held with a committee from the Merchants Association and that they agree on rates to be named in the ordinance on second reading. This is a matter of unusual importance to the people and should be studied thoroughly.

The city attorney reported that the matter of insurance on the old city building had been fixed with Mr. Bush and that a policy for \$2000 in favor of the city was in the custody of the clerk.

The matter of concrete curb and gutters recently proposed was not taken up.

SMALLPOX

Case Reported Over in Redding Township.

A case of smallpox is reported from Redding township near Reddington. A day or two ago Dr. C. A. Hunter was called to Willis Weasner's home to see Walter Foster, a young man about nineteen years of age who recently returned from Terre Haute.

Dr. Hunter diagnosed the case as smallpox and at once sent for Dr. G. O. Barnes, the county health officer. His diagnosis agreed with that of Dr. Hunter and strict quarantine was at once established.

Such care has been taken from the first that it is not believed there is any danger to others of the community.

It is quite certain that Foster was exposed to the disease at Terre Haute but he probably did not know it at the time.

Arrested Here.

James Gibson, formerly of Columbus, but now of Jackson county, was arrested at Seymour Saturday afternoon for petit larceny, the indictment having been returned by the Bartholomew county grand jury at its September sitting. The specific charge against Gibson, is the theft of some turkeys from Leonard Gressel and George Dipper, west of Columbus. Sheriff Cox and Officer Hoffman went to Seymour Saturday night and brought the prisoner to this city, where he was lodged in jail. Gibson is also wanted in Jackson county on a charge of selling a mortgaged cow.—Columbus Democrat.

Brenlin

the new Window Shade Material that won't crack, won't wrinkle

Brenlin is the greatest improvement in any article of house furnishing in recent years. It is a new window shade material that tears without color. It is made in all colors. It won't fade.

In white, ecru, cream, etc. Brenlin gives a rich, even, mellow light; in green and dark colors it is absolutely opaque.

Let us measure your windows for Brenlin shades. None genuine without the name Brenlin perforated like this in the margin of the cloth.

Cut Out Junction.

The Pennsylvania has taken up their platform at the Southern Indiana junction and will do no more transfer business there. In arranging the schedule of trains on both the Pennsylvania and Southern Indiana there has apparently been no attempt at connections so this new arrangement will not discommode passengers to any great extent. But in the long run the Pennsylvania will be the loser for the Southern Indiana will bring their passengers down town and put them close to the traction lines, which will be in operation later on.

Street Work.

The workmen on the brick street improvement have the concrete base all down except about a half block and this part of the work will be about finished up before the end of the week ready for the laying of the brick. Unless there should be a good deal of bad weather the work will be completed within the next three or four weeks.

THE re-appointment of Elder Z. T. Sweeney Commissioner of Fisheries and Game is quite satisfactory to the people over the state. In this office he has done a great service and should be continued as long as he will serve.

The appellate court has finally decided that county sheriffs have no right to pocket the "in and out, fees charged when they receive and discharge prisoners. That means that many sheriffs will now have to figure up and pay over what they have collected as such fees.

THE Seymour REPUBLICAN has just completed its eleventh year under the management of Jay C. Smith and Edward A. Remy. The Republican is a clean, bright, able and reliable newspaper and it is a credit to Seymour and Jackson county.—Madison Courier.

JOHN MCCARDLE, of New Richmond has been appointed a member of the State Tax Board. He was one of the members of the commission that located the Southeastern Indiana Hospital at Madison and spent one day in Seymour when he was looking at sites offered.

THERE is no part of a newspaper that is more valuable than the store news found in the advertising columns. Through these columns of store news, the classified and other ads, the reader often gets information that leads in one purchase to a saving of the price of the paper for a whole year.

Governors of Jamaica. In the days when Australia, Canada and South Africa were nonexistent as arenas of imperial administration the governorship of Jamaica was a rather important post. Peers and even dukes were glad to get it. Dukes never go a-governing beyond the seas nowadays. They have become very stay at home personages. Jamaica has a trio of dukes on its vice royal roll. The Duke of Albemarle was governor there in 1637, the Duke of Portland in 1722 and the Duke of Manchester served no less than three terms, a record—1803, 1813 and 1822.—London Chronicle.

STRIKE AVERTED

Government's Good Offices Were Effective in Railway Dispute.

Chicago, April 5.—The differences between the Western railroads and the members of the Order of Railway Conductors and of the Brotherhood of Railway Trainmen have been finally adjusted. The men abandoned their demand for a nine-hour work-day and the railroads made an advance over their previous propositions in the pay of baggagemen, flagmen and brakemen of \$1.50 per month. The original demands of the men were for an increase of 12 per cent and for a working day of nine hours. The managers offered an increase of pay of 10 per cent and declined to grant the nine-hour day.

The agreement was reached mainly through the efforts of Chairman Knapp of the Interstate commerce commission and Chairman Neill of the United States labor commission. They formulated the final proposition on which both sides were brought together and the final adjustment was chiefly due to their labors.

The new agreement, which goes into effect on April 1 of this year, provides that the pay of conductors in the passenger service is to be increased \$10 per month; that of baggagemen \$7.50, and that of baggagemen and brakemen \$6.50 per month, as applied to the schedules in effect Nov. 1, 1906. The railroads are not to make any reduction in crews or increases in mileage for the purpose of offsetting the increased wages given the passenger trainmen. The pay of conductors and brakemen in through and irregular freight, local freight and mixed train service to be 10 per cent over the rates of pay in effect Nov. 1, 1906.

A satisfactory agreement as to overtime charges and other details of the men's demands was also reached. The Brotherhood of Locomotive Firemen were also granted an increase of 10 per cent.

BETTER THAN EVER

The County Chairman Made Another Big Hit.

The repetition of "The County Chairman" last night by home talent was exceedingly well done. The general opinion is that the players did even better than before if any difference. Every one in the audience was delighted with the evening's entertainment and have nothing but praise for splendid manner in which this renowned play was staged and played. To Mr. W. L. Johnson, who had general charge of the play and looked after all details, and to every member of the cast the people of this city are greatly indebted. They gave us an opportunity to see this popular play right here at home, given entirely by home talent. The great crowd at the first performance and the big crowd again last night show in a measure the appreciation of the people and their readiness to support a home talent company.

In this performance every player did commendable work. Each one is worthy of special mention and to commend one would call for special mention of all. It is sufficient to say that all did well.

The net proceeds of the first performance went to the Pythian Sisters and the net proceeds last night goes to the Associated Charities. Each of these organizations will realize a net sum of money.

The success of "The County Chairman" was so gratifying that the people will look forward to the next home talent play with a great deal of interest. This work is incapable hands and we trust it will be continued and that other plays will be produced.

Will Move Repair Shop.

Thomas Godfrey has rented the two rooms in the Geiger block between Ed Reed's restaurant and Geiger's shoe shop and will move his repair shop there from E. Second street, possibly next week or soon afterwards. Mr. Godfrey at present occupies one of the buildings recently purchased by the Indianapolis, Columbus and Southern Traction Company and it is supposed that they will want to begin tearing away there soon to make arrangement for their new passenger station and car barns April 1st was mentioned some time ago as the time that they would possibly begin work and that time has now arrived and passed. Mr. Godfrey's new location will be a good one and he will have all the work he can do there.

Madison Wants It.

Manager W. L. Johnson has received a communication from Madison requesting that the Seymour Dramatic Club go to that place soon and put on "The County Chairman." This is a great play and the successful manner in which it has been produced by Seymour talent has attracted much attention throughout this section of Indiana.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Halls Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Halls Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Improvements.

The old paint has been taken off the front of the Senate saloon on W. Second street and the front is being repainted.

The improvements at the New Lynn Hotel have been about completed and the pool and billiard tables have already been placed in the room.

A new plate glass has been placed in the building just vacated by the Nickel Plate saloon to replace the one broken there several days ago.

Joseph Giger, one of our wellknown German citizen, is not allowing himself to fall behind in the way of improvements but is keeping right up with the band wagon. Last summer he repainted his business property at the southeast corner of Indianapolis Avenue and Second streets and put down new concrete walks in front. Last fall he raised his frame residence on S. Broadway, put a new brick foundation under it, put in a new concrete veranda, recovered the house, put in new windows and shutters and otherwise repaired and remodeled the same. Last week he put up a new iron fence in front of this property and also in front of his brick residence next door and adjoining the Ebner Ice Plant. The old wooden fence on the roof of the front veranda of the brick building was torn away and a new iron one put in its place. This house will also be recovered and repainted and other up to date improvements will be added. Charles Kessler had the contract for the iron fencing.

DOING THEIR TUDY
Scores of Seymour Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys duty when they fail to do this the kidneys are sick, backache and many ills follow. Urinary trouble, diabetes Doan's kidney pills cure them all. Seymour people endorse our claim.

Carl Moritz, policeman, of 117 East Fifth St., Seymour, Ind., says: "I suffered a great deal from kidney trouble. My back was very weak and lame and at times sharp cutting pains would strike me across the loins, and cause severe pain. The kidney secretions were greatly disordered being very painful in passing, too frequent in action and contained sediment if allowed to stand. My mother had used Doan's Kidney Pills with very good results, so I procured a box at Milhous' drug store. They cured me of the trouble and I have had no return of it since. I consider Doan's Kidney Pills a splendid remedy." For sale by all dealers. Price 50 cents. Eoster-Milburn Co., Buffalo, New York, sole agents for the United States. ECZEMA COVERED HANDS 11 YEARS

Cracked and Bleeding in Many Places—Became so Bad that Nail Came Off Finger—Tried Many Remedies and Consulted Three Doctors, but Got No Relief—Now Cured and Is Very

PROUD OF HAVING TRIED CUTICURA REMEDIES

"I had eczema on my hands for about eleven years. The hands cracked open in many places and bled. One of my fingers was so bad that the nail came off. I had often heard of cures by the Cuticura Remedies, but had no confidence in them as I had tried so many remedies, and they all had failed to cure me. I had seen three doctors, but got no relief. Finally my husband said that we would try the Cuticura Remedies, so we got a cake of Cuticura Soap, a box of Cuticura Ointment, and two bottles of Cuticura Resolvent Pills. Of course I kept Cuticura Soap all the time for my hands, but the one cake of Soap and half a box of Cuticura Ointment cured them. It is surely a blessing for me to have my hands well, and I am very proud of having tried Cuticura Remedies, and recommend them to all suffering with eczema. Mrs. Eliza A. Wiley, R. F. D. 2, Liscomb, Iowa, Oct. 18, 1906."

ITCHING PIMPLES Resulted from Poisoning. Cured by Two Sets of Cuticura Remedies.

"My husband got a blood disease from wearing woolen underwear. He was all full of pimples, and he had an awful itching. He took a good many so-called blood remedies, and nothing did him good. Then we saw in a newspaper about Cuticura Remedies, and they cured him after using in all two sets of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. I wouldn't do without Cuticura Soap. Mrs. Harner, 1050 Bonners St., Reading, Pa., Jan. 23, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (25c) to Heal the Skin, and Cuticura Resolvent (50c), for in the form of Chocolate Coated Pills, 25c per vial, 50c to 90c to Purify the Blood. Expert Says Bullets Could Not Have Come From Brownsville Barracks.

Washington, April 5.—Testimony of unusual interest was given in the Brownsville investigation before the Senate committee on military by Maj. Charles Penrose, who commanded the former soldiers who are charged with having "shot up" the Texas city, and Lieut. H. G. Leekie, who was sent to Brownsville by Gen. McCaskey, commander of the department of Texas, to investigate facts connected with the shooting. Lieut. Leekie traced the course taken by bullets that penetrated homes in Brownsville, and came to the conclusion that the bullets could not have been fired by soldiers in the barracks. Maj. Penrose has been acquitted by courtmartial on charges of neglect of duty, while the same courtmartial found that the men of the Twenty-Fifth Infantry were guilty. Notwithstanding this finding Maj. Penrose asserted his confidence in the innocence of the men, although at first he thought them guilty, and, in reply to a questioning by Senator Foraker, said that the negro soldiers had not been represented by counsel at the court.

JEROME PROTESTS

New York District Attorney Doesn't Like Finding of Thaw Lunacy Commission.

APPEALS TO HIGHER COURT

Declaration of Commission That Harry Thaw Is a Sane Man Brings Mr. Jerome to His Feet.

He Secures a Further Delay in the Trial Pending His Appeal to a Higher Court.

New York, April 5.—Harry K. Thaw was declared sane by the unanimous report of the commission in lunacy appointed to inquire into his present mental condition. The moment the decision was handed down from Justice Fitzgerald's desk, District Attorney Jerome was on his feet vigorously protesting against its confirmation by the court. He charged that he had been excluded from the last session of the commission and demanded to be allowed to have access to the minutes and stenographic notes of what transpired at the final mental and physical examination of the defendant.

When Justice Fitzgerald declined to turn the minutes over to the district attorney, Mr. Jerome declared he would carry the case to the appellate division of the supreme court, asking that a writ of prohibition or mandamus be granted to prevent a continuance of the Thaw trial until the higher court had ruled upon the legality of the commission's course.

Justice Fitzgerald reminded Mr. Jerome that he had waived the statutory right of attending the last session of the commission by suggesting himself that all the attorneys be excluded from the sitting in question. He then granted the district attorney an adjournment until Monday morning next in order that he might have time to prepare his application to the appellate division. Mr. Jerome protested that the time was not sufficient, but Justice Fitzgerald cut him short with the announcement that the trial must be concluded forthwith.

Unless Mr. Jerome should secure a writ of prohibition in the meantime, Justice Fitzgerald is expected to announce on Monday morning that he has confirmed the report of the commission and order that the trial proceed without further delay. The district attorney and the counsel for the defense will be heard in argument as to the confirmation of the report at Monday's session of the court if they so desire.

The report of the commission was a most sweeping victory for Thaw. It confirmed the reports of the excellent showing he had made before the commission in both his mental and physical tests, and also indicated that the only expert testimony which the commission had taken into consideration was that of the physicians who had had an opportunity to examine Thaw and talk with him almost daily during the trial. The testimony of the other experts who answered from hypothetical basis, was declared by the commission to be irreconcilable. The most significant paragraph in the report reads:

"The direct oral and physical examination of the defendant by the commissioners themselves disclosed no insanity in the defendant at the present time."

Bucket Brigade's Good Work.

Kewanna, Ind., April 5.—Fire caused \$3,000 loss in the business part of this town. It originated from the explosion of a gasoline tank in the pool-room owned by R. P. Hickie, which was used to operate a lighting system, and the fire under good headway before the bucket brigade reported. The building, a one-story frame structure, was entirely destroyed, and some loss was suffered by a building alongside. When the fire broke out it was thought the business section was doomed. The bucket brigade kept the flames from spreading, however.

Held on Forgery Charge.

Lafayette, Ind., April 5.—A man giving his name as J. R. Morgan was arrested in this city last evening, charged with passing alleged forged checks. The total amount of the checks was \$37.50. The police believe that in the capture of Morgan they have a man wanted in several Eastern cities.

A Troublesome Boy.

Havana, April 5.—For some time past a number of Havana families have been more or less terrorized by the receipt of "black hand" letters. Today the police, whose efforts hitherto have been fruitless, discovered and apprehended the author, a boy fifteen years old.

DEATH STOPS JOURNEY

Bishop Fitzgerald and Daughter Die in Foreign Lands.

New York, April 5.—News of the death in Hong-Kong of Bishop James N. Fitzgerald of the Methodist Episcopal church has been received by the

BISHOP FITZGERALD.

Methodist Book Concern in this city. Pleurisy was the cause of death. The bishop's home was in St. Louis.

Bishop Fitzgerald, accompanied by his wife and two daughters and a son, who is blind, departed from St. Louis last December on a trip around the world. The trip was partly a sight-seeing tour and partly to benefit Mrs. Fitzgerald, who is an invalid.

One daughter, Miss Cornelia Fitzgerald, died suddenly at Penag, India, on March 1. The family decided to come on home with the body, crossing the Pacific instead of retracing their pilgrimage. Bishop Fitzgerald was sixty-nine years old and was born in Newark, N. J.

Bad Feeling Heightened.

Lorain, O., April 5.—The most serious clash that has occurred during the strike at the local yards of the American Shipbuilding company took place late yesterday afternoon, during which a striking riveter was shot by one of the company detectives. A large number of shots were fired and the incident has led to increased feeling between the strikers and strike-breakers in the employ of the company.

Tracing the VanDykes.

Rome, April 5.—There has been issued a ministerial decree that one of the VanDyke paintings remaining at Genoa is the property of the state. This canvas is a life-size portrait of a lady and is very valuable. In the meanwhile efforts are being made to trace the other VanDykes supposed to have been bought by J. P. Morgan.

Prisoner Seizes Knife.

Chicago, April 5.—Howard Nicholas, one of the defendants in the trial for the murder of the actress, Margaret Leslie, caused intense excitement in the courtroom when he seized a large knife from a valise which had been brought into the courtroom and tried to conceal it below his coat. The steel blade was noticed by many of the spectators and a number of women who were seated near Nicholas leaped to their feet and started for the door. Deputy Sheriff Badley after a slight struggle wrested the knife away. The valise had been brought from the hotel in which Nicholas formerly lived for purposes of evidence.

Hard Time in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by W. F. Peter Drug Co. Trial bottle free

MERCURY DOES NOT CURE BLOOD POISON

While Mercury and Potash may mask the disease in the system and cover up the outward symptoms for awhile, they cannot cure Contagious Blood Poison; when the treatment is left off, the disease will return worse than before. Mercury and Potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsia, cause the teeth to decay, make spongy, tender gums, affect the bones and nerves, and often cause Mercurial Rheumatism, the most hopeless form of this disease. Thousands have taken the mineral treatment faithfully for years to find, when it was left off, that the disease had only been smouldering in the system, and the old symptoms of ulcerated mouth and throat, falling hair, copper-colored spots, swollen glands, sores and ulcers, etc., would return in all their

S.S.S.

PURELY VEGETABLE

hideousness, and they were no nearer a cure than when they first commenced the treatment. S. S. S. is the only certain, safe and reliable treatment for Contagious Blood Poison. It is the one medicine that is able to go into the blood and cure the disease permanently, and without injury to any part of the system. S. S. S. does not cover up anything, but so completely removes the poison that no trace of it is ever seen again. This medicine will also remove any bad effects left by previous mineral treatment. S. S. S. is made entirely of roots, herbs and barks; we offer a reward of \$1,000 for proof that it contains a particle of mineral in any form. Write for our home treatment book, and if you desire special medical advice, our physicians will be glad to furnish it, as well as the book, free of charge.

BUSINESS COLLEGES ARE FAILURES

in small cities and towns, because

1. There is not a sufficient population to support a GOOD school.
2. Such schools are usually conducted by persons who are NOT qualified, or who make it a practice to travel about and defraud their patrons.
3. There are few if any opportunities for their graduates to secure employment in such localities.
4. The THOROUGH business colleges are located in the larger cities and are conducted by persons who are qualified.
5. The graduates of business colleges in small cities or towns can not secure employment in large cities when thrown in competition with the THOROUGH graduates of high-class schools, as business men have no time to experiment with incompetents. Therefore, be wise. Send for the finest page catalogue ever issued by a commercial school, before deciding to throw away your money for a worthless training at some cheap school.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until as last Dyspepsia takes hold. Indigestion is just a warning and if we heed the warning we can easily avoid further consequences. Kodol is a most thorough stomach relief. It digests what you eat and gives the stomach a much needed rest and greatly assists in restoring it to its normal activity and usefulness. Kodol is sold on a guarantee relief plan. For sale by all druggists.
